Subject: Cooperation for Erasmus+

To whom it may concern,

This is Provincial Ministry of National Education of Izmir, Turkiye.

As Izmir Provincial Ministry of National Education, we have been accredited within the scope of 2022-2027 Erasmus+. We are communicating with you with the aim of establishing cooperation networks with more than 2000 schools in Izmir with schools in Europe.

We have educator participants that we have agreed to send another country's accredited schools/institutions. We would be very pleased if you could send us a list of **accredited schools/institutions** (kindergartens, primary schools, secondary schools, high school etc.).

For these institutions that would like to take a place from your country, our own institution link and an informative EXPO link about our city Izmir is left below.

School Education Accreditation Coordinator
