Enriching lives, opening minds

Presentations

- **How Much is Enough?** – why only madmen and economists believe in infinite growth in a finite world?

By Andra Blumberga, Riga Technical University, The Institute of Energy Systems and Environment

- **Decoding Carbon Footprints: Strategies for Emission Reduction in Organizational Practices** – exploration of the concept of a carbon footprint, which serves as a metric to quantify the overall greenhouse gas emissions associated with an organization's activities, whether directly or indirectly

by Jānis Brizga, University of Latvia, NGO Green Liberty

- **Empowering Sustainable Futures: Organizational Influence on Sustainability Goals** – how organizations can contribute to sustainable development by emphasizing the integration of economic, social and environmental sustainability in their policies, projects and initiatives

by Renārs Kairis, University of Latvia, The Eco-Council

- **The Programme of Eco-Schools in Latvia** – an overview of the Programme of Eco-Schools as a tool for strengthening environmental education with a positive impact by hands-on experience with various activity examples on such topics as climate changes, biodiversity and circular economy.

By Līva Stāde, The Foundation for Environmental Education Latvia

4 parallel sessions/workshops

- **Greener Communities** - how to live in a more eco-friendly way through individual activities and community efforts to become greener; ways to save energy and reduce our carbon footprint for greater environmental impact;
- **Bioeconomic Explorations** - introduced the participants to the Bioeconomy concept, showing examples and encouraging participants to innovate;
- **Green Daily Practices** - the most critical aspects of green living and implementing them in daily activities;
- **From Waste to Values** - provided participants with a comprehensive understanding of waste valorization within the broader context of transitioning to zero waste practices.

Model success stories

- **Babite Secondary School –
The Ambassador of Eco-Schools**
- **A Green Action in Erasmus+**

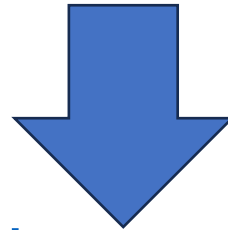

By Anke Wekerle, The National Agency for the EU Education Programme Erasmus+ in the fields of Vocational Education and Training, and Adult Education in Germany

- **Good Practices of Erasmus+ Green Projects**

By Katarína Císařová, Czech National Agency for International Education and Research
