## About the academy

Established in **1996**, the Banking and Finance Academy of the Republic of Uzbekistan is a state higher education institution dedicated to the training, retraining, and professional development of managerial personnel and specialists in the banking, finance, taxation, and real sectors of the economy. The Academy also plays a key role in preparing highly qualified researchers and academic staff.

Today, the Academy stands as a leading national center for education, academic-methodological support, research, and information-analytical work. It plays a central role in organizing and managing advanced training systems for professionals in the banking and finance sector.

The Academy maintains strong cooperative relationships with higher education institutions in both developed and developing countries, including Japan, the United Kingdom, Belgium, Poland, the Netherlands, Greece, Malaysia, China, South Korea, Luxembourg, Germany, Switzerland, India, Turkey, Egypt, Singapore, the United States, and the Russian Federation.

The Banking and Finance Academy of Uzbekistan stands as a regional hub for financial education and policy research.

We welcome international partnerships to develop talent, drive innovation, and shape a sustainable economic future together.
