Pedagogy and didactics

Summary

Technological advances have affected many areas of our lives: the way we communicate, collaborate, learn, and, of course, teach. But what does being a 21st-century teacher really mean and what and how has educational environment changed, students changed? Whilst collaboration between teachers and students, students and teachers is much talked about and known, the collaboration between students and students and teachers and teachers to change the role from the passive students to active, on collaboration centered activities, is quite poorly understood. Where is the balance between using handouts and worksheets and
